February 2024 Newsletter

*"The Drifter"*

"Our mission is to promote in Oregon an RV/Camping organization that creates friendships and education for members as well as goodwill and charitable experiences in our communities."

Hello ORCA friends,

Well, wasn't that a fun January storm with all the snow and ice ... and power outages! We live in a heavily wooded area with many trees that fell. We were out of power for 5 days, and it was not fun. We immediately put the refrigerated foods (that we cared about saving) into a large cooler and set it outside. We have a small generator that gave us power for one lamp and one tv, at least, and had our propane fireplace running most of the time until the propane gave out. Unfortunately, without electricity, we couldn't run the fan on it, but it still put out a little heat. We stayed bundled under blankets and camped in front of the tv. Luckily, we could still get out to get meals at our local restaurants which gave us a chance to heat up a bit. I don't think our cats enjoyed it, either, as they were cold to the touch and lethargic. Not knowing what a winter storm we'd be experiencing, Bill had removed the batteries out of the motorhome and had the cover on it, or we could have just moved out there. But to prepare better for a "next time", we have now purchased a large generator that should pretty much run the entire household!

Roundup is just a couple months away, and the registration form is in this issue. Don't delay in mailing your check, as this one fills up quickly with just over 40 sites. We have also included the registration form and agenda for the Washington State Good Sam rally, May 1st to 5th, in Lynden, Washington, in case you are interested in attending. This year, Bill will be doing a Wolf program for them, so we'll be there for a couple of days. Looking forward to seeing most of you in Lincoln City at the Roundup!

Note from Barb and Bill Taylor:

We have been looking to upgrade our 2007 Jayco Greyhawk Class C motorhome for the past few months. We came to Andrew, as we trust Johnson RV and their staff is very helpful and knowledgeable. We recommend Andrew if you're looking for a change and you'll like how you're treated at Johnson RV. Mention Andrew to your friends, neighbors, and family, too!

## **It's time to take the RV out of hibernation. Steps to prepare for Spring.**

### Exterior

- Check the tires for proper air pressure and cracks in the sidewalls. Don't forget the spare.
- Check the unit for any damage. (Tree limbs that fell over the winter, rodents that may have entered the RV, etc.)
- Remove any protective covers, outside and inside.
- Check the outside components. (Cracked side vents, missing light covers, baggage door operation, turn signals, etc.)
- Check to make sure your license plate tabs are current.
- Check the water heater for any blockage.

### Interior

- Open windows and roof vents to air it out and make sure all the windows and vents are in working order.
- Give the inside a thorough cleaning and check for unwanted visitors, such as bugs, mice, etc.
- Vacuum carpets, inside the cabinets, under the dinette seats and sleeping areas.
- Make sure you have an up-to-date and fully supplied first aid kit. Double check expiration dates.
- Check and replace towels and linens that may have been removed for the winter. (Bedding, blankets, pillows, washcloths, beach towels, etc.)

### Operating systems

- De-winterize the unit and flush the freshwater system.
- Check the freshwater system for proper operation. Don't forget to check both the water pump and city water hook-up. Test all valves including faucets, outside shower, and toilet.
- Flush and fill the freshwater tank. (Fill it completely full at least once a year to check for leaks in the upper part of the tank, fill hose and vent tube.)
- Make sure the carbon monoxide detector, smoke alarm, LP detector, and fire extinguishers are all in working order. Install fresh batteries for those that aren't tied into the RV's electrical system.
- Check the battery. Make sure the water level is correct, it is fully charged, and terminals are tight.
- Check the water heater on gas and electric if so equipped. Make sure the gas burner tube is clean and nothing has nested in it during the winter. If equipped with bypass valves, be sure they are returned to the "summer" position. Note: Never operate the water heater on electric unless the tank is full of water.
- Take the propane tank(s) to be filled. Many states require the tanks be recertified after a set period of time. If your state is one of them, ask the filling attendant how much longer you have until your tanks are due for recertification and act accordingly.
- Check all appliances for proper operation. Wipe out the refrigerator and check operation on both gas and electric.
- Check and clean the air conditioning filter.

ORCA Rallies 2024 ~ Please add to your calendar and keep watching upcoming Drifter newsletters for registration forms!

ORCA Rally – Polk County Fairgrounds, Rickreall, Oregon  
June 12 through June 16, 2024

THEME: “Coastal Craze”

(early birds welcome sooner)

Wy'East PowWow – Hood River Fairgrounds, Odell, Oregon  
September 6 through September 8, 2024

THEME: “Sailing The Seas”

(early birds welcome sooner)

As a charitable organization, ORCA prides itself on supporting those in the communities where our rallies are held. The State Directors of ORCA have selected a new project to help those in need in Polk County. CASA of Polk County, Inc., works to recruit, train, guide, and support well-trained volunteer advocates to be a voice in court for abused and neglected children and youth in the judicial dependency system of Polk County, Oregon. These children have been removed from dangerous situations at home and are in foster care.

CASA holds a holiday toy drive for these children each year, and we feel this would be a worthwhile, heartwarming opportunity to support children in crisis. Nothing is better than seeing the joy and excitement on a child's face who otherwise may not receive a gift at Christmas. CASA is requesting new, unwrapped toys for the little ones and/or gift cards for their youth ... ages newborn to 18 years ... boys and girls.

We hope that our membership remembered to catch some holiday sales this past Christmas, as this charitable project will commence at our ORCA Rally in June 2024. We are confident that our ORCA membership will embrace this new project and have a lot of fun with it. Please watch the video at [www.casaofpolk.com](http://www.casaofpolk.com) to learn more about CASA and to inspire you to want to make a difference in a child's life. If each one of our male members purchased a gift for a boy, and each female member purchased a gift for a girl, we'd have a tremendous number of gifts to donate, and a fairly even distribution of boy/girl gifts.
